"HOC SIGNO FORTUNA."

BALTIMORE, FRIDAY, MAR 1st, 1818.

THE NEW LOTTERY.

On our 3d page will be found the scheme of the New Masonic Hall Lottery—upon examination it will be found extremely favourable to adventurers, particularly as there are *not one and an half Blanks to a Prize*, and only 15,000 tickets in the scheme, which is to be completed in *nineteen days* of drawing.—To the early adventurer it is peculiarly inviting, as the *first drawn three thousand Blanks are each entitled to Twenty five dollars*. Orders, therefore, should be forwarded without delay—Purchasers of Two Tickets, or in shares to the same amount if procured at *Cohen's Office*, will be furnished during the drawing with the "Register" which will contain the Manager's lists of all the Blanks and Prizes drawn each day.

LETTERS from any part of the Union, (post paid) enclosing the cash or prize tickets in any of the lotteries, will meet with the same prompt attention as if on personal application, addressed to

J. I. COHEN, Jr.

No. 110, Market St.—Baltimore.

Gain of the Wheel.—Ten days of drawing are now over in the Medical College Lottery, and all the capital prizes, except one of 5,000 dollars, are still undrawn; this has caused an unexampled gain of the wheel in so short a time, being now upwards of THIRTEEN THOUSAND DOLLARS!—The first drawn No. on Tuesday the 19th inst. will be entitled to FIVE THOUSAND DOLLARS, payable in part by 400 tickets, Nos. 11001—11400, valued at 4000 dollars—Tickets are still at *Fifteen dollars*, warranted undrawn.

We were misinformed with respect to the persons who were committed to our prison on Sunday last. They were not the persons supposed to have robbed the Pittsburg Bank; but two convicts from a distant county, sent to our prison to expiate their offences. [Philadelphia Gaz.

VERY LATE FROM EUROPE.

By arrivals from New-York and Boston intelligence from Europe has been received to the 27th of March.

The London papers mention the dreadful gales on the 5th and 6th of March; in which a great many vessels were shipwrecked on the coast, and considerable injury sustained on land. The whole country seems to have severely felt the effects of the gales. Houses in London were unroofed; chimnies thrown down, and several lives lost, &c.

Liverpool, March 25.—Considerable sales in wheat have been made at an advance of 3s. a bushel. Foreign wheat 12 to 14s. 9d—Flour 58 to 60

At London, wheat was 2s. higher than last week.

Mr. Pinkney, our late minister to Russia, arrived at Berlin on the 19th March, on his return to this country.

The Buenos Ayres privateer La Patriota has captured no less than 24 sail of Spanish ships, and a galleon with 1,500,000 dollars on board, in the neighbourhood of the Canary Isles.

The elegant Theatre l'Odeon at Paris, was burnt on the 21st of last March, after the audience had retired, and several lives were lost.—The same theatre was burnt in 1799, and rebuilt in 1807.

Coined at the French mint, during the year ending the first of September, in gold and silver, 65,617,766 francs (about 14 millions of dollars.)

A Steam-Boat called the *Two-Brothers*, plies

between Rouen and London. She belongs to the former port.

The Chancellor of the Exchequer has proposed to place in the hands of commissioners one million sterling, for the construction of new churches and chapels. London is stated to contain a population of 1,129,000 souls, and churches sufficient to accommodate only 151,000.

The North Pole.—It is said that Lord Cochran has caused a steam-boat to be built, in which he intends to make a voyage to the North Pole, and from thence to Behring's Strait. She is to be schooner-rigged, and will be accompanied by some old collier, laden with coals, as far as Spitzbergen. Here the coals will be taken into the schooner—and as the run is only 5 days to the pole, and from thence to Behring's Strait 9 days, and as it is intended to make use of sails when the wind is fair, his Lordship is sanguine in hope of being the first to accomplish the N. W. passage over the pole, and thus to get both of the parliamentary rewards, amounting to 25,000l.

GENOA, Feb. 25.

The commander of the squadron of the United States of America in the Mediterranean, has required the Dey of Algiers to give orders to his cruisers not to take the liberty in future of visiting American vessels, under any pretext whatever, because, as the plague prevails in the territory of Algiers, it is much to be feared that the contagion might be spread by these visits. He added, that in case of refusal he had orders to give chase to the Algerine vessels, and to sink them. If all the maritime Powers would hold the same energetic language, there would not be so much reason to fear that these cruisers would communicate the plague to us, and their piracies would cease of themselves.
